

Introducing the 3R Service Program

**Repair  
Replace  
Return  
\$89.00!**

The 3R Program gives you a service plan unequalled by any other supplier at any price, anywhere. Here's how it works.

If you ever have a problem with the CS100, MK-II, TC-320 or TP5000 series portable radio, just return it to us and tell what the problem is. It makes no difference whether it is a broken antenna, knob or clip. It could be a damaged display, or a bad keypad on the MK-II. These are rare issues, but we'll take care of them.

If the battery won't hold a charge, or you lost the charger, that's not a problem. We'll replace them. Even cosmetic damage to the case will be fixed. That's what the 3R Plan is all about.

If it's broke, we Repair it. If it needs replacement, we Replace it, and then we Return it for one flat rate charge of just \$89 including EVERYTHING on the CS100, MK-II TC-320, or TP5000 series portables!

That's less than many suppliers charge for labor, or a battery, or a local service call. There is nothing else quite like the 3R Program. You're going to love it!

BTW, we have a comparable program which we call Forever Young, that covers other popular products. See [http://info4u.us/Forever\\_Young.pdf](http://info4u.us/Forever_Young.pdf) for more information.
