

CurbSider™

For faster, efficient school bus loading

Gets the word out!

Meets 29 CFR 1910.165(b) standards

The *CurbSider* Systems is especially suited for faster and more efficient bus loading! Utilizing the proven and affordable *LoudMouth* wireless PA system, a pair of outdoor amplified speakers can be installed at the school door and at the beginning of the pickup line for less than \$1,500 (excluding associated control radios!

No wiring is required. No FCC license is required, although the system can be used in conjunction with existing licensed VHF or UHF radios systems. *LoudMouth* unit simply plugs in to available AC outlets. Activation is by one or more associated portable 2-way radios. A range of up to 1000 square feet per speaker or about 50 feet in an oval pattern is typical. Additional information is available at www.falcondirect.com/LoudMouth. Want to see this system in action? Just give us a call. We want you to try before you buy!

Features and Benefits:

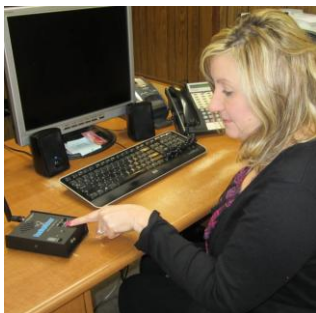

- Simple user installation. Can be easily performed by your maintenance people!
- Both portable and desktop control!
- UHF, VHF & MURS models!
- No monthly charges!
- Programming and delivery included!
- Meets 29 CFR 1910 165(b) standards!

If you are not familiar with the requirements of 29 CFR 1910.165(b), we can sum it up by saying that if you are responsible for the safety of groups of people; you should have the ability to quickly notify them, inside and outside in the event that mass notification is required. The *CurbSider* system used in association with most 2-way radios can provide this capability. Call us at 205.854.2611 for more information!

Our most popular radio for use with the *CurbSider* system is the CS100E although we have other models available starting as low as \$89. For additional information on available radios, see info4u.us/isradios.pdf.

The price for the *Curbsider* is as follows:

CS-U100– UHF Curbsider with speaker	-	\$749
CS-V100– VHF Curbsider with speaker	-	\$749
CS-MRS– MURS license free w/speaker	-	\$749
CS-WPE– Adds weatherproof enclosure	-	\$200

An optional desk top station, as shown on the left is available for emergency notification of outside personnel. For more information, see info4u.us/DeskTalker.pdf
