

The best just got better.

Trade up your existing Firecom headsets to our new 50-Series wireless headsets with ComCare Services and we'll give you a credit of up to \$150 per headset

This limited-time offer allows you to upgrade to the most technologically advanced wireless system on the market while recouping up to 50% of your original investment in wired headsets.

Why upgrade to the 50-Series?

- Completely wire-free and self-contained
- 1600-foot line-of-sight range (30 times the coverage area of Bluetooth)
- Long-life battery operates for 24 hours on a two-hour charge
- Extended-range operating temperature: -40° to +158°F
- IP65 rating for superior dust and water resistance
- ComLeather ear seals and low-tension headband for maximum comfort
- Configurable with a wide variety of push- and toggle-to-talk options

See reverse side for details. Contact your authorized Firecom dealer to take advantage of this offer. But hurry, this opportunity ends December 31, 2014.

STEP-BY-STEP INSTRUCTIONS FOR CUSTOMERS WHO WISH TO TRADE UP HEADSETS

1. Decide which of the Firecom 50-Series wireless Products you would like to purchase. Consult your Firecom Reseller or visit the Firecom Web site for details and specifications on each model.
2. Contact your Firecom Reseller or call Firecom directly at 800-527-0555 to identify and qualify the trade-up.
3. Trade-up credits range from \$100 to \$150 per Product according to the credit schedule above.
4. Purchase the new Products from your Firecom Reseller.
5. Return your old headsets to your Firecom Reseller within 15 days of the date you receive the invoice for the new Products. The invoice you receive will reflect all Credits applicable to the trade-up, but is contingent upon you returning your old headsets to your Reseller within 15 days. Contact your Reseller immediately if you believe there is an error.
6. If you do not return your old headsets to your Reseller within 15 days of invoice, the trade-up Credit will be removed from your account and you will be billed for any balance due.
7. If you do not currently work with a Reseller, contact Firecom at 800-527-0555 for assistance.

Credit schedule	
<i>Item purchased</i>	<i>Credit</i>
50-Series headset with 5-year ComCare plan	\$150
50-Series headset with 3- or 4-year ComCare plan	\$125
50-Series headset with standard 2-year warranty	\$100

TERMS AND CONDITIONS OF THIS OFFER

Firecom's Wireless Made Easy Trade-Up Program ("Program") allows you to trade up your existing Firecom communication system to our next-generation 50-Series wireless headsets ("Products"). Trade-up credit ("Credit") is available up to \$150 per individual Product. By participating in this Program, you ("Customer") agree to be bound by these terms and conditions.

If you are trading up from a Firecom wired communication system, please note that a wireless system also requires the purchase of a base station and interface, sold separately. Credits are not available for base stations or interfaces.

How the Program works

Under this Program, a Credit toward the Firecom suggested list price of eligible Products may be offered by a Reseller. The Customer's actual price will be set by the Reseller, and will depend on which Product(s) the Customer chooses, whether the Customer purchases ComCare, and the length of coverage. Since the amount of Credits can vary based on a Customer's specific situation and requirements, Customers should consult a Reseller or Firecom for more details and to review their specific situation.

Eligibility

- The Program will start on January 1, 2014 and end at the close of business on December 31, 2014.

- This Program is open to end-user owners of Firecom headsets in the United States ("Customers"). Firecom dealers, distributors, resellers, or retailers (collectively, "Resellers") may submit claims on behalf of their customers, provided Credits have been passed on to the customer at the point-of-purchase. Invoices must show the Credits have been applied to the Products. Resellers are responsible for shipping old products to Firecom for recycling.
- Any Firecom headsets with hearing protection, purchased in 1990 or later, are eligible for Credit. Lightweight headsets are not eligible for Credit.
- Customers must trade up to one or more 50-Series wireless headsets.
- Headsets traded in do not necessarily need to be in working order but must be physically intact.
- Trade-ups are allowed only on a headset-for-headset basis. Only one Credit may be applied against the purchase of each individual Product.
- Customer must warrant that they hold title to the headsets being traded-up and have the legal right to transfer the title to Firecom. Title transfers to Firecom on the date and time the old headsets are shipped to Firecom for recycling.

General terms

- This Program may not be combined with any other promotion, credit, or trade-up program offered by Firecom or its Resellers.
- Firecom reserves the right to modify, suspend, or terminate this Program at any time in its sole discretion and without prior notice.
- Individuals are responsible for compliance with their company policies regarding participation in credit programs.
- Credits are not transferable and have no cash value.
- If any provision of these terms and conditions is held invalid, the remaining terms and conditions will not be invalidated or affected.
- Credits will be issued to the end-user organization and not the individual.
- Firecom may, at its sole discretion, disqualify or refuse requests to participate in this Program when the requests do not comply with these terms and conditions, or if Firecom believes that fraudulent or inaccurate claims have been submitted.
- All decisions by Firecom and its representatives regarding this Program are final.
- This Program is governed by Oregon law without regard to its conflict of laws principles.
