

The American made KNG of Radios Will Win Your Heart. Here's Why!

Get the quality you want at much less than you would expect to pay for a MSWIN compatible Phase II TDMA portable or mobile radio. Better price, better warranty, better performance, and better customer service can all be yours when you go with the KNG of radios from Relm/BK - Satisfaction guaranteed!

BK Radio KNG-P800 Series Portable with Trunking and TDMA

The KNG-P800 is a tough, reliable and proven American made product with 3 watts of 700/800 MHz power, TDMA compatibility, more channels (2048) than you'll ever need, and a 2 year factory warranty. Yet it is affordably **priced at just \$2,118** including Lithium-Ion battery, rapid desk charger and clip. Think it's tough enough to meet your needs? Check out the Reliability Videos referenced below. You won't believe the punishment this radio can take

Special option package includes upgrade to extra high capacity battery, extension of warranty to 5 years and a heavy duty speaker microphone. Adds \$319. Call 800.489.2611 for prices on other options.

Measures just 5.5 x 2.5 x 1.8 inches. Weighs only 16.0 with battery (ounces)

Brochure available at www.info4u.us/KNG_Series.pdf

Reliability videos available at www.relm.com/Video/index.asp

BK Radio KNG-M800 Mobile with Trunking and TDMA

Our best offering in a P25 analog/digital mobile radio is 35 watts of 700 MHz power, 2048 channels, scan, TDMA compatibility, and much more. Compact and rugged with dash or rear mount models. Meets MIL-SPEC 810F, yet at prices starting affordably with **special pricing of just \$2,400** for the 35 watt dash mount standard touch screen display model with microphone (Antenna sold separately).. Price includes installation kit (KAA0630) and speaker (KAA0261).

Special option package includes high gain mobile antenna, extension of warranty to five years and on-site installation. Adds \$634 or \$234 without installation. Call 800.489.2611 for prices on other options.

Measures just 8.5 x 2.5 x 6.5 inches. Weight 7.5 pounds

Brochure available at www.info4u.us/KNG-Mobile.pdf

Note: Prices include TDMA Phase 2 P25 which is not yet being used on MSWIN system but is scheduled for activation in 2015. This may not happen. You can deduct \$150 from the price of either the portable or mobile if you want to take the chance (not recommended). If you do purchase any radio without TDMA included, you run the risk of your radio not working when the change is made. Don't take the chance and don't buy a "Light" model when you can have the real thing for Less! Call us at 800.489.2611 if you have any questions or if we can help in any way!
