

PocketMate™ for Help in a Hurry!

When you need help in a hurry, you need *PocketMate*, a great personal security solution for churches, daycare centers, and schools. Easy to use with an emergency talk button on the front of a powerful 2-way radio that easily fits in pocket or purse (less than four inches high and weighs less than three ounces). *PocketMate* communicates directly to on-site security, the front office, and other activity areas.

The price is right! Skip a five-dollar lunch for a few weeks, and it's yours! Better yet, you can try before you buy with no cost or obligation! A full line of low cost, rugged, audio accessories is optionally available. See www.info4u.us/PocketMate.pdf for more information or call Falcon Wireless at 205.854.2611. Ask for Mallore Johnson!
