

We are confident that we have the best wireless communications solutions available on this planet! That is why we encourage our potential customers to try our products before purchasing. Like any other "offer" there are some ground rules. Here they are:

You have a choice of a pair of portable radios for in-school administrative use or a pair of long range radios for wide area transportation use. You have a choice of two of our on-site portable radios listed at info4u.us/ttoc.pdf or a pair of long range *TeamTalker* transportation portables listed at info4u.us/ttvp.pdf.

We'll pack them up, provide operating instructions and have them on the way by prepaid UPS within a day after receiving your request. You will have up to 15 days to evaluate the radios of your choice.

All we ask is that you provide a valid credit card for information and security purposes, or an evaluation P.O. from your organization. We will not charge your credit card, or invoice against your P.O. if radios are returned within 15 days after receipt. We expect the radios to be returned in undamaged condition with original packaging and documentation returned prepaid by FedEx, UPS, or USPS.

A note should be included if there is any equipment damage or missing items. We will acknowledge receipt and advise if there will be any charge. Otherwise, you owe us nothing. Your credit card information or P.O. information will be deleted from our records, or applied to your account if you decide to keep the evaluation radios.

If you have any questions, please call or email us (See below). Thank you!
